10:00-10:15 Introduction

10:15-12:00 First section

Interviewing cross-sectoral think tanks in each of the three H2020 project countries using the Delphi method.

We would like to get information from the members of the think tanks on what gaps they perceive in statistical data provision and what changes they would like to see in the context of school careers of pupils, school segregation or integration of disadvantaged groups.

12:00-13:15 Lunch break

13:15-15:00 Second section

Professional analysis and evaluation of transformative practices of schools and NGOs in relation to disadvantaged children.

Evaluation criteria and procedures will be developed in conjunction with a knowledge-sharing platform, as our aim is to enable schools and NGOs to evaluate their own good practices or those of others at any time.

15:00 End of the workshop
